FRANKLIN, SS.

STATE OF MAINE

*To C. E. White, Constable of the Town of Carthage, in said County,*  
GREETING:

In the name of the State of Maine you are hereby required to notify and warn the inhabitants of the said town of Carthage, qualified by law to vote in town affairs, to assemble at the Grange Hall, Berry Mills, in said town, on Monday, the sixth day of March, A. D. 1922, at ten o'clock in the forenoon, to act on the following articles, to wit:

ARTICLE 1. To choose a moderator to preside at said meeting.

ART. 2. To choose all necessary town officers for the ensuing year.

ART. 3. To see how much money the town will vote and raise for the repair of roads and bridges.

ART. 4. To see how much money the town will vote and raise for winter roads.

ART. 5. To see if the town will vote "yes" or "no" on the question of appropriating and raising money necessary to entitle the town to State aid, as provided in section 19 of chapter 25 of the Public Laws of 1916.

ART. 6. To see if the town will appropriate and raise the sum of three hundred dollars for the improvement of the section of the State Aid road as outlined in the report of the State Highway Commission, in addition to the amount regularly raised for the care of

ways, highways and bridges, the above amount being the maximum amount which the town is allowed to raise under the provisions of section 18, chapter 25, of the Revised Statutes of 1916.

ART. 7. To see how much money the town will vote and raise for the support of common schools.

ART. 8. To see how much money the town will vote and raise for text-books and supplies.

ART. 9. To see how much money the town will vote and raise for schoolhouse repairs.

ART. 10. To see how much money the town will vote and raise for school office expense.

ART. 11. To see how much money the town will vote and raise for schoolhouse insurance.

ART. 12. To see how much money the town will vote and raise for schoolhouse flags.

ART. 13. To see how much money the town will vote and raise for superintending of schools.

ART. 14. To see if the town will vote and raise the interest on school fund, being forty-five dollars (\$45).

ART. 15. To see how much money the town will vote and raise for the support of the poor.

ART. 16. To see how much money the town will vote and raise for current expenses.

ART. 17. To see how much money the town will vote and raise to cover overdrawn accounts.

ART. 18. To see how much money the town will vote and raise for the care and repair of silent policeman.

ART. 19. To see how much money the town will vote and raise toward support of a Public Health nurse under direction of the Franklin County Public Health Association, the sum raised to be paid over to a local town committee for expenditure in the interests of the people of this town.

ART. 20. To see if the town will vote to give a discount on all taxes, poll taxes excepted, for the 1922 commitment, paid on or before August 20th, 1922, and raise a sum of money therefor.

ART. 21. To see if the town will vote to charge interest on all taxes of the year 1922 commitment, that remain unpaid November 15th, 1922.

ART. 22. To see if the town will vote to accept the list of jurors as prepared by the municipal officers, treasurer and town clerk.

ART. 23. To see if the town will vote to give Warren Pettengill an abatement of any part of his tax for the year 1921 commitment.

The selectmen give notice that they will be in session for the purpose of correcting the list of voters, at the shop of Lester S. Libby, Berry Mills, in said town, on March 1st, 2nd, 3rd and 4th next, between the hours of ten and eleven-thirty o'clock in the forenoon, and at the Grange Hall, Berry Mills, at nine-thirty o'clock in the forenoon, on the day of said meeting.

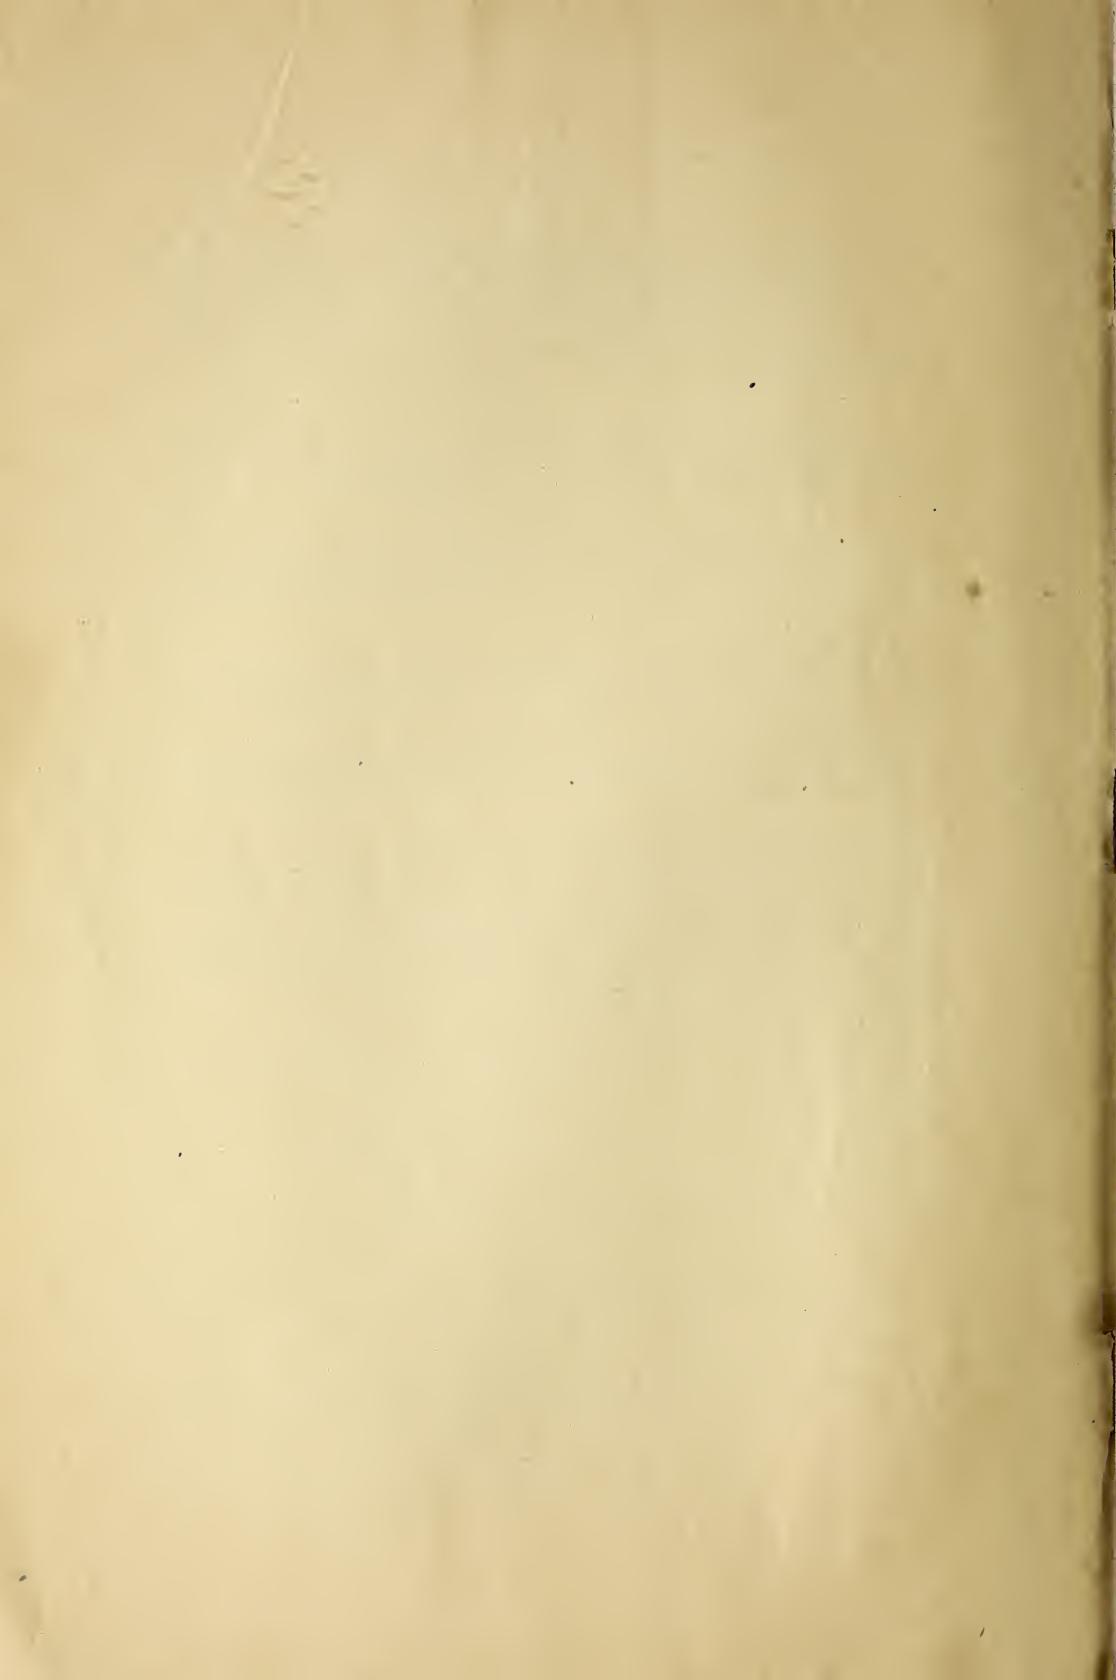

Given under our hands at Carthage this sixteenth day of February, A. D. 1922.

LESTER S. LIBBY,

GUY C. ROBBINS,

R. G. NOYES,

*To the Citizens of the Town of Carthage:*

I have the honor to present for your consideration the annual report of the condition of your schools.

School administration during the past year has been less of a problem than for the two previous years. The teacher shortage has been relieved to a great extent by the return to the profession of many teachers who were engaged in war work, and by the fact that increased salary schedules are in evidence throughout the State. Teachers' salaries have almost doubled in the last five years and as a result of this increase every Normal school in the State has the largest registration in its history. This is a most pleasing condition to school officials for it means that before many years, every school will be under the skillful guidance of a trained teacher. When that time comes the child in the small rural district will receive equal teaching benefits with the child in the larger communities, and the ideal situation will exist.

I am pleased to report a slowly increasing percentage of attendance every year. The spring terms showed 43 pupils registered with an average attendance of 84.8%, the fall terms, 40 registered with an average of 89.1%, and the winter terms, 37 registered with an average of 82.7% or a percentage for the year of 85.6%. This is not so large as it should be by any means and I shall expect to see an average of 90% another year. We are educating our children not only for their own good but for the future safety and prosperity of the community, and parents should realize that regular attendance means just so much more benefit to the child, and to the town.

Beginning with the present school year attendance means a money value to the town. Under the new school law for the distribution of the State school fund, one-fifth of that fund or approximately \$370,000.00 will be apportioned to the several towns on the basis of attendance. By this method of apportionment each day's attendance

of a pupil means nearly two cents to the town. This does not sound very large but it means about \$3.00 for every child who is at school every day in the year, and should prove a further incentive to the patriotic citizen to see to it that his child be at school unless absolutely prevented by illness.

There has been no school at the Ellis district this year, the pupils from that neighborhood being transported to the Potter school. The children in the Stickney have been attending the East Dixfield school for the whole year, at a cost of \$76.20 for tuition and \$180.00 for conveyance. This is not only a money-saving arrangement to the town but it is much more beneficial to the pupils than to try to run a school with four or five scholars.

The schools have been very satisfactory for the past year. The teachers have shown much interest in their work and the results obtained are to be commended. Both Mrs. Coburn and Miss Bowie are teachers of experience and ability and their success in instruction and school management is too well known to need any comment. Miss Humphrey is teaching her first school and although lacking previous experience, is making good with the small children at the Potter school.

During the year one side of the Newman building has been shingled, and some general repair work done at the Mills. We need new blackboard surface in both these schools, either slated cloth or Hyloplate, and this should be furnished this spring.

The Potter building is in very bad shape and is not a suitable place to hold a school. Steps should be taken to put this building in decent shape this summer if it is the intention to maintain a school there in the future, and I hope the matter will be thoroughly discussed at the annual meeting. It needs general renovation, new floor, walls and ceiling, new seats, a change in the lighting and toilet conditions and more blackboard room. It is pretty hard to estimate the cost of repairing an old building, as usually more is found necessary to be done than we expect; however, I should think \$700.00 ought to do the job. This is a large sum to ask the town to raise but I trust the citizens appreciate the urgency of the case and will give the matter careful consideration.

Under a law passed at the last legislature every school building must be equipped with a sanitary toilet before the fall of 1924. The Mills school is thus equipped, leaving the Newman and Potter to be done during the next three summers. There is a possibility of re-

ceiving State aid in this project but there is no certainty of it at present. Should the town not see fit to remodel the Potter building this year I would strongly recommend that the toilet conditions at the Newman be standardized during the summer vacation.

The schools are very well equipped with text-books at present, the principal need being supplementary reading material for the lower grades, and a further continuance of the plan of furnishing new English books as they are required.

During the summer the Potter school was equipped with a new flag and flag pole. This year a flag pole must be erected at the Newman building, and a flag purchased for the Mills. A small estimate is made for this purpose.

The estimates as presented below have received careful consideration, and include all overdrafts. We have planned on a thirty-two week school year, using the State equalization fund for that purpose and putting a small sum with it in order to make a twelve week spring term, thus meeting the State requirements as to the disposition of this fund.

In closing I wish to take this opportunity to express my thanks to the teachers and the members of the School Committee for the active interest they have shown in all school matters and for the assistance they have given me in my work.

Respectfully submitted,

H. W. COBURN, *Superintendent.*
